

## FALLING SLOWLY

**INTRO** C-4 F-4 C-4 F-4

### [Verse 1]

C-4                      F-4                      C-4                      F-4  
I don't know you, but I want you all the more for that  
C-4                                      F-4                      C-4                      F-4  
Words fall through me and always fool me, and I can't react  
Am-2      G-2      F-2      G-2  
Games that never amount to more than they're  
Am-2      G-2                      **F-8**  
meant will play themselves out

### [Chorus]

C-4                      F-4                      Am-4                      F-4  
Take this sinking boat and point it home, we've still got time  
C-4                      F-4                      Am-4                      **F-8**  
Raise your hopeful voice, you had the choice, you've made it now

### [Verse 2]

C-4                      F-4                      C-4                      F-4  
Falling slowly, eyes that know me, and I can't go back  
C-4                                      F-4                      C-4                      F-4  
Moods that take me and erase me, and I'm painted black  
Am-2      G-2      F-2      G-2                      Am-2      G-2                      **F-8**  
You have suffered enough and warred with yourself, it's time that you won

### [Chorus]

C-4                      F-4                      Am-4                      F-4  
Take this sinking boat and point it home, we've still got time  
C-4                                      F-4                      Am-4                      F-4  
Raise your hopeful voice, you have a choice, you've made it now  
C-4                      F-4                      Am-4                      F-4  
Falling slowly sing your melody, I'll sing along

### [Outro]

C-4 F-4 Am-4 F-8 REPEAT UNTIL END ON [C]
